#### Plan of Improvement: Developed This Date 01/03/2017

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Reminder: All employees of child care programs must be fingerprinted before January 1, 2017. For instructions and to submit records check applications online, please visit www.decalkoala.com. You are encouraged not to wait and to complete the process as soon as possible.

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at http://gbi.georgia.gov to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. ### Finding

591-1-1-.30(1)(a)3 requires that each crib shall have only an individual, tight-fitting sheet which is changed daily or more often as needed and prior to a change of occupant. It was determined based on observation that one infant was sleeping in a crib on a sheet that was observed to be too tight, causing the crib mattress to not lay flat.

### POI (Plan of Improvement)

The center will ensure that each crib has an individual, tight-fitting sheet which is changed daily or more often as needed and prior to a change of occupant.

# Finding

591-1-1-.32(4) requires that children under three years old be housed in separate physical areas from older children except during early morning arrival and late afternoon departure times. Children under three years old were combined with older children at a time other than arrival/departure. It was determined based on observation that one two-year-old child was observed to be mixed with three and four-year-old children on this date.

### POI (Plan of Improvement)

The center will maintain separation of these children under three years old.
