Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Group Day Care Homes, 290-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

	Facility
--	-----------------

591-1-1-.25 Physical Plant - Safe Environment(CR)

Not Met

Finding Associated with Complaint

591-1-1-.25(8) requires protective caps on all unused electrical outlets within children's reach and requires that electrical outlets in use be made inaccessible to children. It was determined based on an investigation that on November 12, 2019, an electrical cord attached to a bottle warmer was accessible to children. An infant was able to reach the cord and pull it, causing the attached bottle warmer to fall and spill water onto the child, resulting in burns to the child's arm, neck and back..

POI (Plan of Improvement)

The Center will train Staff to check outlets and replace protective caps when needed and identify and monitor how outlets in use are inaccessible to children.

Correction Deadline: 1/15/2020

	Staffing and Supervision
--	---------------------------------

591-1-1-.32 Supervision(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times and that the persons supervising in the child care area be alert, able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the chaperones and Students-in-Training, and provide timely attention to the children's actions and needs. It was determined based on an investigation that a child was not adequately supervised on November 12, 2019, during floor play when a seven-month-old infant sustained burns to the left arm, back and neck. Staff had observed the infant near an accessible electrical cord and redirected the child, but did not intervene to remove the child from the area. The child pulled the cord, causing the attached bottle warmer to fall and spill hot water onto the child, resulting in the injuries which required medical attention.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.

Correction Deadline: 1/6/2020
