Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

<b>Food Service</b>
---------------------

---

**591-1-1-.15 Food Service & Nutrition****Not Met****Finding Associated with Complaint**

591-1-1-.15(2) requires that a signed written feeding plan for children less than one (1) year of age shall be obtained from Parent(s) and that instructions from the Parent(s) shall be updated regularly as new foods are added or other dietary changes are made. The feeding plan shall be posted in the child's assigned room and must include the child's feeding schedule, the amount of formula or breast milk to be given, instructions for the introduction of solid foods, the amount of food to be given and notation of any type(s) of commercially premixed formula which may not be used in an emergency because of food allergies. It was determined that an infant feeding plan dated April 30, 2018, lacked the child's feeding schedule, the amount and time to be given. In addition on the day of the visit, the center did not have feeding schedules for four enrolled infants and three posted feeding plans lacked the complete feeding schedule.

**Correction Deadline: 12/13/2018**

**Finding Associated with Complaint**

591-1-1-.15(9) requires any portions of food or drink which are served to children or placed on the table for service and are not consumed at that meal or snack by the children to whom the portions are served to be thrown away. Any formula or breast milk remaining one hour from the beginning of the feeding shall be discarded or returned to the Parent(s). It was determined that center staff was in the practice of giving an infant the same bottle of formula at each feeding.

**Correction Deadline: 12/20/2018**
