Finding

591-1-1-.08(1) requires the Center Staff to maintain a file for each child while such child is in care and for one year after that child is no longer enrolled. In order for the file to be complete, the file shall contain the following: child's name, birth date, sex, address, living arrangement, name of school if applicable; names of both Parents, home and work addresses, and home and work telephone numbers; name(s) and addresses of the person(s) to whom the child may be released including address, telephone numbers, relationship to child and to Parent(s), and other identifying information; name(s) and telephone number(s) of person(s) to contact in emergencies when the Parent cannot be reached; name and telephone number of the child's primary source of health care; and a statement regarding known allergies, physical problems, mental health disorders, mental retardation or developmental disabilities which limit the child's participation in the program. It was determined based on the consultant's review of records that five out of six children were missing the addresses of the person(s) to whom the child may be released to.

POI (Plan of Improvement)

Center staff will develop a plan that includes how to obtain all required information for currently enrolled children and how to ensure this is done for future enrollees as well. The plan will also include how and where to maintain files for the required amount of time. The plan will be implemented and followed.

Finding

591-1-1-.33(4) requires all Staff who provide any direct care to children, except independent contractors, Students-in-Training and volunteers, to obtain ten (10) clock hours of training or instruction in child care issues from an accredited school or Department-approved source. It was determined based on the consultant's review of records that one staff member did not have evidence of four (4) clock hours of training in any of the following topics: disease control, cleanliness, basic hygiene, illness detection, illness disposition and childhood injury control on this date.

POI (Plan of Improvement)

The Center will plan and schedule training and follow up to ensure that direct care Staff complete the required hours of training in the required subjects.
