However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Health and Hygiene

591-1-1-.17 Hygiene(CR)

Not Met

Finding Associated with Complaint

591-1-1-.17(3) requires that children's combs, toothbrushes and cloth towels be kept clean. It was determined based on the center director's statement and the statement of a staff member that on March 5, 2021 a eleven-month-old infant was given the wrong bottle resulting in the infant being fed breast milk instead of formula.

POI (Plan of Improvement)

The Center will develop a plan to ensure these items are kept clean, that includes training staff and monitoring for compliance. The center director purchased a refrigerator specifically for this classroom to use in the future.
