Finding

591-1-1-.26(6) requires that playground equipment provide an opportunity for the children to engage in a variety of experiences and shall be age-appropriate. For example, toddlers shall not be permitted to swing in swings designed for School-age Children. The outdoor equipment shall be free of lead-based paint, sharp corners and shall be regularly maintained in such a way as to be free of rust and splinters that could pose significant safety hazard to the children. All equipment shall be arranged so as not to obstruct supervision of children. It was determined based on observations that the safety straps were missing on bucket swing next to the wooden boat structure.

POI (Plan of Improvement)

The Center will replace the straps and the children will not use the swing until the strap is replaced. Staff will check the equipment daily to ensure that the equipment is free of hazards, rust and splinters.
