Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

591-1-1-.08 Children's Records**Not Met****Finding Associated with Complaint**

591-1-1-.08(1) requires the Center Staff to maintain a file for each child while such child is in care and for one year after that child is no longer enrolled. In order for the file to be complete, the file shall contain the following: child's name, birth date, sex, address, living arrangement, name of school if applicable; names of both Parents, home and work addresses, and home and work telephone numbers; name(s) and addresses of the person(s) to whom the child may be released including address, telephone numbers, relationship to child and to Parent(s), and other identifying information; name(s) and telephone number(s) of person(s) to contact in emergencies when the Parent cannot be reached; name and telephone number of the child's primary source of health care; and a statement regarding known allergies, physical problems, mental health disorders, mental retardation or developmental disabilities which limit the child's participation in the program. During an investigation, it was determined that on February 5, 2020, center staff failed to maintain a file for a one-year-old child in care.

POI (Plan of Improvement)

Center staff will develop a plan that includes how to obtain all required information for currently enrolled children and how to ensure this is done for future enrollees as well. The plan will also include how and where to maintain files for the required amount of time. The plan will be implemented and followed.

591-1-1-.07(1) requires Center Staff to not accept a child nor allow a child to remain at the Center if the child has the equivalent of a 101 degrees Fahrenheit or higher oral temperature and another contagious symptom, such as but not limited to, a rash, diarrhea or a sore throat. When a child shows symptoms of illness during the day, the child shall be moved to a quiet area away from other children where the child shall be supervised and provided the necessary attention until such time as the child leaves the Center or is able to return to the child's group.

It was determined that on February 5, 2020, center staff allowed a one-year-old child to remain in the classroom with a 101.6 temperature with other children present.

POI (Plan of Improvement)

The Center director will make Center Staff and parents/guardians aware of this requirement and will not allow children with the listed symptoms to attend or remain in the Center while ill. Center Staff will identify a quiet area for ill children and develop a plan for supervision.
