Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Food Service

591-1-1-.15 Food Service & Nutrition

Not Met

Finding Associated with Complaint

591-1-1-.15(1) requires that meals and snacks are served, with serving sizes dependent upon the age of the child, that meet nutritional guidelines as established by the United States Department of Agriculture Child and Adult Care Food Program. Meals and snacks shall be varied daily, and additional servings of nutritious food shall be offered to children over and above the required daily minimum, if not contraindicated by special diets. It was determined based on staff statements and staff interviews that the allegation on November 18, 2022, at 8:00 a.m., the children in the one-year-old classroom were served graham crackers and 1% milk for breakfast, which did not meet USDA guidelines is substantiated. Staff statements revealed that the center serves graham crackers for breakfast once a week. Consultant observed the center menu that has graham crackers served for breakfast weekly.

POI (Plan of Improvement)

Center Staff will prepare menus and/or serve foods that meet the USDA guidelines and will offer and serve seconds to children.

Correction Deadline: 11/29/2022

Health and Hygiene

591-1-1-.07 Children's Health

Not Met

Finding Associated with Complaint

591-1-1-.07(1) requires Center Staff to not accept a child nor allow a child to remain at the Center if the child has the equivalent of a 101 degrees Fahrenheit or higher oral temperature and another contagious symptom, such as but not limited to, a rash, diarrhea or a sore throat. When a child shows symptoms of illness during the day, the child shall be moved to a quiet area away from other children where the child shall be supervised and provided the necessary attention until such time as the child leaves the Center or is able to return to the child's group.

It was determined based on staff statements and staff interviews that the allegation that during the first week of November 2022, the center staff was notified that a one-year-old child had strep throat, but other parents were not notified until three days after the center staff was informed is substantiated. Staff statements revealed that the parents were not notified that a one-year-old child had strep and that the posted notice was not posted.

POI (Plan of Improvement)

The Center director will make Center Staff and parents/guardians aware of this requirement and will not allow children with the listed symptoms to attend or remain in the Center while ill. Center Staff will identify a quiet area for ill children and develop a plan for supervision.

Correction Deadline: 11/29/2022
