Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. The following information is associated with a Incident Investigation by Phone:

### Activities and Equipment

**591-1-1-.12 Equipment & Toys(CR)**

**Not Met**

#### Finding

591-1-1-.12(1) requires each Employee and child in attendance to use all indoor and outdoor furniture, activity materials, and equipment in a safe and appropriate manner and in accordance with the manufacturer's instructions, recommendations, and intended use. All equipment and furniture shall be used only by the age-appropriate group of children. It was determined based on interviews and statements from staff and parents that on April 7, 2022, a center staff did not use a high chair in accordance with the manufacturer's instructions, recommendations, and intended use, when a nine-month-old child fell out of the high chair onto the floor when a staff member took the tray off and turned around to clean it. The child was not strapped in as required.

### Staffing and Supervision

**Finding**

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtime, nap time, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on investigation findings that included interviews and statements from staff that on April 7, 2022, a nine-month-old was not properly supervised when the child was left in a high chair, while the staff member took the tray off and turned around. It was further reported that the staff member turned around and forgot that the child was left in the highchair.
