If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

591-1-1-.26(4) - Consultant discuss with the provider that the gate to the playground should be closed at all times.

Correction Deadline: 1/31/2023

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that several parts of the fence were leaning, broken poles and was not enclosed as required.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Correction Deadline: 4/1/2023

Finding

591-1-1-.26(9) requires the playground to be kept clean, free from litter and free of hazards, such as but not limited to rocks, exposed tree roots and exposed sharp edges of concrete. It was determined based on consultant observation that several wooden pieces with nails were on the playground accessible to the children. Several tree limbs and branches, metal rods and AC unit were accessible to the children.

POI (Plan of Improvement)

The Center will remove any litter and fix or remove hazards from the playground and will routinely monitor the playground and remove litter and hazards.
