<b>350 - Health, Safety, Comfort</b>	<b>Not In Compliance</b>
<b>922 KAR 2:090. Section 10. Director Requirements and Responsibilities.</b> <b>(1) A director shall:</b> <b>(I) Assure the health, safety, and comfort of each child;</b>	
<b>Findings:</b> General: Based on observation, interview and review of documentation, it was found that this regulatory requirement was not met. It was determined that a child who was lying on his cot at naptime was struck in the head with a hard plastic paper cutter. This paper cutter was sitting on top of mailboxes that were also on top of a shelf in the classroom. Another child in the classroom became angry and pushed the shelf resulting in the unit tilting and causing the paper cutter to fall off. Having the paper cutter and other items on top of a high shelf, as well as placing a cot under the unit is not a safe practice and resulted in this child being injured at the facility.
