Supervision	Not In Compliance
90 - Children Supervised	Not In Compliance
<p>922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child shall be: 1. Provided with adequate supervision at all times by a qualified staff person who ensures the child is: a. Within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;</p>	
<p>Findings: General: Based on interview, the staff person in charge stated that on 08/10/2021 she left three (3) school age children alone in their classroom to go to the kitchen to get plates ready for lunch. The staff person in charge stated that her cook had an appointment and was gone from approximately 11:30am-12:30pm and a second staff person had called in sick for the day, so the center was short staffed. She stated that the cook had already prepared the lunch and all she had to do was put the food on the children's plates and deliver the food to their classrooms. She stated that the school age children were alone for several minutes while she plated the food and delivered it to each classroom before going back to the school age classroom. It was noted that the school age classroom was approximately twenty five (25) feet away from the kitchen, making it impossible for the three (3) school age children to be within scope of vision or range of voice at all times.</p>
