Written Documentation	Not In Compliance
1185 - Confidentiality/Maintenance/Access 922 KAR 2:090. Section 9. Records. (2) A child-care center shall: (a) Maintain the confidentiality of a child's record and information concerning a child or the child's parent; (b) Maintain all records for five (5) years; and (c) Provide the cabinet access and information in the completion of the investigation pursuant to KRS 620.030.	Not In Compliance
Findings: General: Based on observation and review of documentation, this regulatory requirement was not met. A staff member posted on social media a picture of a three-year-old child with a caption "Why I made a kid cry, he can't drink his chocolate milk right now". The parent did not give permission for a picture of her child to be posted on the staff member's personal social media account (Snap Chat). The parent completed a permission slip allowing her child's photo to be posted on the Bright Beginnings private Facebook account. This is not where the photo was posted. A child care center shall maintain the confidentiality of a child's record and information concerning the child or the child's parent.
