922 KAR 2:090. Section 11. Staff Requirements.

(3) For a child-care center licensed for infant, toddler, or preschool-age children, at least one (1) person on duty and present with the children shall be currently certified by a cabinet-approved training agency in the following skills:

- (a) Infant and child cardiopulmonary resuscitation; and**
- (b) Infant and child first aid.**

(4) For a child-care center licensed for school-age children, at least one (1) person on duty and present with the children shall be currently certified by a cabinet-approved training agency in the following skills:

- (a) Adult cardiopulmonary resuscitation; and**
- (b) First aid.**

Findings:

General: Based on review of documentation and interview, the child care center failed to maintain employee records in accordance with regulations. Review of staff files revealed documentation of current certification by a cabinet approved training agency in Infant and Child First Aid, as required for a center licensed for infant, toddler, and preschool children, was presented for review at the time of survey for one (1) staff member. Continued review of documentation revealed the center was open from 6:00am until 6:00pm. Interview with director revealed the staff member with CPR/First Aid certification works from 9:00am until 6:00pm; therefore the center failed to have adequate CPR/First Aid coverage from 6:00am until 9:00am.
