8.16.2.24 A Guidance

Non-compliance

Guidance being used by a staff member in the 2 yr. old classroom is not positive and does not include redirection and clear limits to encourage the child's ability to become self-disciplined. This was evidenced when the staff member attempted to restrain a child's arms to wipe the child's face instead of using guidance and redirection. The child easily freed herself and continued to resist the staff members attempt to clean her face.

Corrective Action Plan

The center's guidance practices will be reviewed with staff to ensure positive guidance , redirection, and clear limits are used. The staff member will tailor annual training hours in the social-emotional competency.
