Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Group Day Care Homes, 290-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

#### Finding Associated with Complaint

591-1-1-.25(4) requires the Center to maintain the temperature in the range of 65 to 85 degrees Fahrenheit and to ventilate the Center be ventilated either by mechanical or natural means for the purpose of providing fresh air and controlling unpleasant odors. Facilities which do not have a functioning central heating and air-conditioning system shall make fifty percent (50%) of all required windows operable for ventilation. Any openings used for ventilation shall be screened. It was determined during the course of the investigation that on Thursday, January 17, 2019 the center ran out of propane from approximately 9:30 AM until 1:00 PM. During that time space heaters were used in all the classroom except for the back room. The back room has a wall mounted electric heater. The space heaters were unable to maintain the required temperature of 65 degrees in the other four rooms. Staff stated that the rooms were cold, and children had to wear additional clothing and jackets. Staff stated that the temperature fell below 65 degrees.

#### POI (Plan of Improvement)

The Center will add screen(s), if needed. The designated person(s) will check frequently to ensure the Center's temperature is maintained at 65 to 85 degrees Fahrenheit, will monitor to ensure that either natural or mechanical ventilation provides fresh air and controls unpleasant odors, and that any openings used for ventilation are screened.
