Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the fence located on the back right side of the playground nearest the pre-k building was observed to be unstable in that it was leaning and wobbly, with three post caps detached from the fencing post.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Finding

591-1-1-.36(4)(b) requires that the interior of a transportation vehicle be clean, in safe repair and free of hazardous items, objects and/or other non-essential items which could cause injury. It was determined based on observation that a can of air freshener aerosol spray was observed accessible to the children as it was located openly between the driver and passenger seat.

POI (Plan of Improvement)

The center will maintain that all transportation vehicles are clean, in safe repair, and free from hazards.

Correction Deadline: 2/24/2017

Finding

591-1-1-.36(7)(d)2. requires that the second designated Staff person conduct a check of the vehicle immediately upon the completion of the first check of the vehicle. There shall be continuous watchful oversight of the vehicle between the first check and second check. The second designated Staff person must complete the following: (i) Physically walk through the entire vehicle; (ii) Visually inspect all seat surfaces, under all seats and in all compartments or recesses in the vehicle's interior; and (iii) Sign the passenger transportation checklist (s), indicating all of the children have exited the vehicle. It was determined based on a review of transportation checklists dated for February 21 and 22, 2017 there were no second checks completed after the evening drop-off, as there were no second signatures observed.

POI (Plan of Improvement)

The center will ensure that the second responsible staff person checks the vehicle immediately after the first check has been completed.
