The purpose of the visit was to conduct an ITA visit. The TA consultant introduced herself to the director, and staff. Technical assistance services, the agreement, training resources for Olli, Inclusion and TA, and the history grid for the center was also discussed with the director Ms. Lula Memminger. The agreement was left with the provider and further follow up will be made per the provider's request. The plan of improvement and follow up visit was discussed. The consultant printed off the playground checklist, orientation form, initial staff form, employee's documentation form, and the emergency first steps form while at the visit. The forms were discussed on this date. The TA consultant discussed creating a BFTS binder for the consultant and all forms were provided during the visit. Ms. Lula asked the consultant to sit in on a brief meeting that was scheduled for the day to listen to the staff reflect on what they learned during the Super Saturday that they attended this past weekend. No goals were developed on this day as it was an introductory visit.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance.
