If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

290-2-3-.13(2)(d) requires that outside play areas be protected from traffic or other hazards by fencing or other barriers at least four feet in height and approved by the Department. Fencing material shall not present a hazard to children. A fence shall be provided around swimming pools to make them inaccessible when not in use. It was determined based on observation that the middle part of the fence chains are detached from the top pole leaving a small gap causing a possible arm entrapment hazard. The consultant also observed the left back of the fence not to be four feet high as required in that the additional fencing that was placed on the top of the fence had fallen over.

POI (Plan of Improvement)

The Home will enclose the outside play area(s) with a four-foot high fence or other Department-approved barrier and inspect regularly to ensure fencing material is safe and any hazards identified are repaired or replaced. The Home will install or repair a fence around swimming pools that makes them inaccessible to children.
