Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. 290-2-3-.13(2)(b) requires that climbing and swinging equipment that are not portable be securely anchored to eliminate accidents or injuries and have a resilient surface beneath the equipment and the fall zone from such equipment which is adequately maintained by the Home to assure continuing resiliency. It was determined based on the consultant's observation that the climbing structure and swing required resilient surfacing. On this date the consultant observed less than two inches of mulch under the climbing structure and the swing.

**POI (Plan of Improvement)**

The Home will ensure that climbing and swinging equipment is securely anchored and that there is a resilient surface under and in the fall zone of the equipment. The Home will inspect equipment and resilient surfacing material regularly and repair or replenish as needed.
