Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Group Day Care Homes, 290-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

**591-1-1-.29 Required Reporting****Not Met****Finding Associated with Complaint**

591-1-1-.29(3) requires the Director or designated person-in-charge to report or cause to be reported to the Department within 24 hours or the next work day: any death of a child while in the care of the Center; any serious illness or injury requiring hospitalization or professional medical attention other than first aid of a child while in the care of the Center; any situation when a child in care becomes missing, such as, but not limited to, a child who is left on a vehicle, a child who leaves the building, playground, or property, or a child who is left behind on any trip; any fire; any structural disaster; and any emergency situation that requires temporarily relocating children. It was determined based on an investigation that the Director failed to report an injury that required medical attention to the Department within the required 24 hour time period. On July 28, 2020, a one year old child sustained injuries to the upper lip and nose when the child stumbled and fell in the classroom. The Director did not report the incident to the department until July 30, 2020.

**POI (Plan of Improvement)**

The Center will develop a procedure so everyone knows how and when to report these incidents to the Department and will follow-up to make sure they are reported as required. The consultant provided technical assistance on required reporting. The consultant provided the email for the provider webinar of upcoming rule changes which includes required reporting.
