- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. **591-1-1-.11 Discipline(CR)****Not Met****Finding**

591-1-1-.11(1) requires that disciplinary actions used to correct a child's behavior, guidance techniques and any activities in which the children participate or observe at the Center shall not be detrimental to the physical or mental health of any child. It was determined based on an investigation that on March 10, 2021 a two-year-old child was roughly handled while being repositioned in their chair by the teacher, while sitting at the table. The teacher was also observed to roughly handle a child by lifting them by their left arm, to reposition them to sit on the floor, upon returning from outside.

**POI (Plan of Improvement)**

Center staff will cease use of this disciplinary method; the director will provide staff training on appropriate child guidance techniques and have a system in place to monitor and identify/prevent inappropriate actions.

**Correction Deadline: 3/17/2021**

	<b>Staffing and Supervision</b>
--	---------------------------------

**Finding**

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on an investigation that on March 10, 2021, a teacher was observed to exit the classroom with six two-year-old into the bathroom and appeared to be standing in the doorway of the adjoining classroom. The children were having breakfast during this time and were unsupervised for over a minute. The teacher was observe to step into the bathroom and in the doorway of the adjoining classroom, while the children were on the carpet and the children were again unsupervised for over a minute.

**POI (Plan of Improvement)**

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.

**Correction Deadline: 3/17/2021**
