Finding

591-1-1-.30(2) requires the Center to provide a safe sleep environment in accordance with American Academy of Pediatrics (AAP), Consumer Product Safety Commission (CPSC) and American Society for Testing and Materials (ASTM) recommendations as listed in these rules for all infants. Center Staff shall place an infant to sleep on the infant’s back in a crib unless the Center has been provided a physician’s written statement authorizing another sleep position for that particular infant that includes how the infant shall be placed to sleep and a time frame that the instructions are to be followed. When an infant can easily turn over from back to front and back again, Staff shall continue to put the infant to sleep initially on the infant’s back but allow the infant to roll over into his or her preferred position and not re-position the infant. Sleepers, sleep sacks and wearable blankets that fit according to the commercial manufacturer’s guidelines and will not slide up around the infant’s face may be used when necessary for the comfort of the sleeping infant. Swaddling shall not be used unless the Center has been provided a physician’s written statement authorizing its use for a particular infant that includes instructions and a time frame for swaddling the infant. Center Staff shall not place objects or allow objects to be placed in or on the crib with an infant such as but not limited to toys, pillows, quilts, comforters, bumper pads, sheepskins, stuffed toys, or other soft items and shall not attach objects or allow objects to be attached to a crib with a sleeping infant, such as, but not limited to, crib gyms, toys, mirrors and mobiles. It was determined based on observation that one infant was sleeping in a crib with a blanket covering their face and the infant had a bib attached around their neck. Furthermore, the consultant observed an empty crib with a blanket inside of it.

POI (Plan of Improvement)

The Center will take all steps necessary to provide a safe sleep environment for infants as listed in these rules; will train Staff to follow these rules; and will monitor for compliance.
