Advisement of Potential for Repeated Rule Violations during Pending Investigations

This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

Safety

591-1-1-.36 Transportation(CR)

Not Met

Finding Associated with Complaint

591-1-1-.36(3)(a-b) requires any Center that provides any type of transportation to obtain two (2) hours of state-approved or state-accepted transportation training, biannually, for the Director and for each person responsible for or who participates in the transportation of children. The training shall include, but is not limited to, a review of the transportation rules, a review of approved transportation forms and procedures, and instruction on the usage and completion of the forms and procedures. This training may be counted as part of the annual training requirements for Staff.

It was determined that a staff person who routinely transported children did not have two hours of state-approved transportation training.

POI (Plan of Improvement)

The Center will ensure that the Director, Center Staff, and any person responsible for the transportation of children has completed the required transportation training.

Correction Deadline: 5/6/2019

Staff Records

Finding Associated with Complaint

591-1-1-.14(1)(a) requires, in a Center that provides transportation, that either the driver or another Staff person present on the vehicle have current evidence of successful completion of a biennial training program in cardiopulmonary resuscitation (CPR) and a triennial training program in first aid offered by certified or licensed health care professionals or trainers and which dealt with the provision of emergency care to infants and children.

It was determined that a staff person who routinely transported children did not have current evidence of successful completion of cardiopulmonary resuscitation (CPR) and first aid.

POI (Plan of Improvement)

The Center will verify proof of CPR/1st aid training and schedule Staff so that there is always a staff person on the vehicle with this training.

Correction Deadline: 5/6/2019

591-1-1-.31 Staff(CR)**Not Met****Finding Associated with Complaint**

591-1-1-.31(13) prohibits Center Staff from committing any criminal act, as defined under Georgia law, in the presence of any child enrolled in the Center and requires Center staff to comply with all applicable laws and regulations.

It was determined that on March 15, 2019, after picking children up from local elementary schools, the center's vehicle was involved in an accident with nine children on board. Paramedics checked the children on scene as a precaution, and no one required professional medical treatment. The driver of the center's vehicle was cited for failure to yield to a stop sign.

POI (Plan of Improvement)

The Center will ensure that all Staff comply with all applicable laws and regulations.

Correction Deadline: 5/6/2019
