**Advisement of Potential for Repeated Rule Violations during Pending Investigations**

This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

**Children's Records**

**591-1-1-.08 Children's Records**

**Not Met**

**Finding Associated with Complaint**

591-1-1-.08(3) requires Center Staff to maintain a file for each child that includes documentation of incidents requiring professional medical attention, other than simple first aid performed by Center Staff, to include: child's name, type of illness or injury, date of illness or injury, how injury or illness occurred, Staff present, method of notifying Parent(s) and services provided to the child. It was determined based on investigative findings that on September 29, 2019 a one-year-old child was pushed off a slide and was monitored by staff as it was unclear if the child had a limp from being pushed. Center staff did not have documentation on file of an incident report being completed.

**POI (Plan of Improvement)**

The director will review the documentation requirements with Center Staff, which will include notifying the director or person-in-charge of such an incident, and will ensure the required information related to incidents is maintained on file for each child.

**Correction Deadline: 10/21/2019**

**Policies and Procedures**

**Finding Associated with Complaint**

591-1-1-.29(3) requires the Director or designated person-in-charge to report or cause to be reported to the Department within 24 hours or the next work day: any death of a child while in the care of the Center; any serious illness or injury requiring hospitalization or professional medical attention other than first aid of a child while in the care of the Center; any situation when a child in care becomes missing, such as, but not limited to, a child who is left on a vehicle, a child who leaves the building, playground, or property, or a child who is left behind on any trip; any fire; any structural disaster; and any emergency situation that requires temporarily relocating children. It was determined based on investigative findings that on September 29, 2019 a one-year-old child was pushed off a slide by another enrolled child. The parent took the child for professional medical attention after the child was picked up and showed signs of a limp, the center staff were made aware that professional medical attention was sought when the child returned to the center and it was not reported to the agency once they were notified.

**POI (Plan of Improvement)**

The Center will develop a procedure so everyone knows how and when to report these incidents to the Department and will follow-up to make sure they are reported as required.

**Correction Deadline: 10/21/2019**
