**Finding**

591-1-1-.33(3) requires each Staff member with direct care responsibilities to complete health and safety orientation training within the first 90 days of employment. The state-approved training hours obtained will count toward required first year training hours. The training must address the following health and safety topics: prevention and control of infectious diseases (including immunizations); prevention of sudden infant death syndrome and use of safe sleeping practices; administration of medication, consistent with standards for parental consent; prevention of and response to emergencies due to food and allergic reactions; building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic; prevention of shaken baby syndrome, abusive head trauma and child maltreatment; emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event (such as violence at a child care facility); handling and storage of hazardous materials and the appropriate disposal of bio contaminants; precautions in transporting children; recognition and reporting of child abuse and neglect; and child development. It was determined based on review of staff files that one staff member was hired on June 15, 2020 and did not complete Health and Safety Orientation Training until January 26, 2021.

**POI (Plan of Improvement)**

The Center will develop and implement a plan to schedule and track this training for all employees based on their hire dates and will ensure that the training includes all required components as required.

**Correction Deadline: 2/25/2021**

**Finding**

591-1-1-.33(4) requires within the first year of employment, the Director and person with primary responsibility for food preparation shall have four clock hours of training in food nutrition planning, preparation, serving, proper dish washing and food storage. It was determined based on review of staff files and documents uploaded that the cook was hired October 31, 2011 and does not have proof of the required, approved, 4 hour of training in food nutrition planning, preparation, serving, proper dish washing and food storage.

**POI (Plan of Improvement)**

The Center will schedule food preparation training, as required, and follow up to ensure the training is completed.
