The center currently has a three - star Quality Rating.

Plan of Improvement: Developed This Date 08/20/2019

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

	 Please refer to the website, <u>http://www.decal.ga.gov/CCS/RulesAndRegulations.aspx</u>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary, New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry New clearance is required at least once every five years Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance All staff members are required to have completed at least a national fingerprint based clearance check Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Please see GBI's website located at http://gbi.georgia.gov to access the Georgia Sex Offender Registry.

Finding

591-1-1-.26(6) requires that playground equipment provide an opportunity for the children to engage in a variety of experiences and shall be age-appropriate. For example, toddlers shall not be permitted to swing in swings designed for School-age Children. The outdoor equipment shall be free of lead-based paint, sharp corners and shall be regularly maintained in such a way as to be free of rust and splinters that could pose significant safety hazard to the children. All equipment shall be arranged so as not to obstruct supervision of children. It was determined based on the consultants observation that the gym set was chipping paint and in several places and accessible to the children.

POI (Plan of Improvement)

The Center will provide a variety of age-appropriate equipment that is arranged so as not to obstruct supervision of children. Staff will check the equipment daily to ensure that the equipment is free of hazards, rust and splinters.
