Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Finding

591-1-1-.14(2) requires a Staff member who is trained in CPR and first aid to be on the premises and on any field trip whenever any child is present. In addition, Staff who provide direct care to children must satisfactorily obtain certification in first aid and CPR by December 29, 2016 if employed prior to September 30, 2016 and within 90 days of their hire date if employed after September 30, 2016. It was determined based on the consultant's review that a staff member did not complete CPR and first aid within 90 days of their hire date as required.

POI (Plan of Improvement)

The Center will develop a schedule to ensure there is always a staff person with current first aid and CPR training present and will develop and implement a plan to ensure all staff members have satisfactorily completed first aid and CPR training by the specified date.

Correction Deadline: 12/27/2018

591-1-1-.33 Staff Training**Not Met****Finding**

591-1-1-.33(3) requires each staff member with direct care responsibilities to complete health and safety training at the time of employment that will count toward required annual training: Staff employed prior to September 30, 2016 will complete the training by December 29, 2016 and Staff employed after September 30, 2016 will complete the health and safety training within the first 90 days of employment. It was determined based on a review of records that four staff members did not complete health and safety training within the first 90 days of employment as required.

POI (Plan of Improvement)

The Center will develop and implement a plan to schedule and track this training for all employees based on their hire dates.

Correction Deadline: 12/7/2018**Recited on 11/27/2018****Finding**

591-1-1-.33(7) requires that evidence of orientation and training be documented in the Personnel file of each Staff member and be available to the Department for inspection. It was determined based on a review of records that four employees who recently completed the health and safety orientation training did not have the training certificate on file.

POI (Plan of Improvement)

The Center will develop and implement procedures to review staff records for documentation of training and orientation, to obtain and place missing documentation in staff records, and to file such documents in staff records on an ongoing basis.
