Plan of Improvement: Developed This Date 01/28/2020

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx> , for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. (O.C.G.A. Section 20-1A-4)

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the fence around the air conditioning unit was broken and accessible to children. It was further determined that on the left side of the playground the fence was detached from the pole which posed a potential entrapment hazard.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Finding

591-1-1-.26(9) requires the playground to be kept clean, free from litter and free of hazards, such as but not limited to rocks, exposed tree roots and exposed sharp edges of concrete. It was determined based on observation that a large tree root that posed a potential tripping hazard was near the right side of the playground near the playhouse.

The Center will remove any litter and fix or remove hazards from the playground and will routinely monitor the playground and remove litter and hazards.

591-1-1-.15(2) requires that a signed written feeding plan for children less than one (1) year of age shall be obtained from Parent(s) and that instructions from the Parent(s) shall be updated regularly as new foods are added or other dietary changes are made. The feeding plan shall be posted in the child's assigned room and must include the child's feeding schedule, the amount of formula or breast milk to be given, instructions for the introduction of solid foods, the amount of food to be given and notation of any type(s) of commercially premixed formula which may not be used in an emergency because of food allergies. It was determined based on review of records that the Center did not have a signed written feeding plan for children less than (1) year of age.

POI (Plan of Improvement)

The Center Director will develop and implement a plan to obtain and post the completed feeding plan as part of the enrollment process and to have parents update the plans on a regular basis that will include center staff involved with enrollment and those working in the infant classrooms.
