Plan of Improvement: Developed This Date 09/11/2018

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx> , for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Center Staff shall place an infant to sleep on the infant's back in a crib unless the Center has been provided a physician's written statement authorizing another sleep position for that particular infant that includes how the infant shall be placed to sleep and a time frame that the instructions are to be followed. When an infant can easily turn over from back to front and back again, Staff shall continue to put the infant to sleep initially on the infant's back but allow the infant to roll over into his or her preferred position and not re-position the infant. Sleepers, sleep sacks and wearable blankets that fit according to the commercial manufacturer's guidelines and will not slide up around the infant's face may be used when necessary for the comfort of the sleeping infant. Swaddling shall not be used unless the Center has been provided a physician's written statement authorizing its use for a particular infant that includes instructions and a time frame for swaddling the infant. Center Staff shall not place objects or allow objects to be placed in or on the crib with an infant such as but not limited to toys, pillows, quilts, comforters, bumper pads, sheepskins, stuffed toys, or other soft items and shall not attach objects or allow objects to be attached to a crib with a sleeping infant, such as, but not limited to, crib gyms, toys, mirrors and mobiles. It was determined, based on observation, that a child was sleeping in a crib with a blanket on this date.

POI (Plan of Improvement)

The Center will take all steps necessary to provide a safe sleep environment for children as listed in these rules; will train Staff to follow these rules; and will monitor for compliance. The consultant discussed with the director to possibly add mats to the infant/toddler classroom for toddlers developmentally ready for a mat. Blankets would be allowed to cover the children sleeping on mats/cots, but not those sleeping in cribs.

Comment

Criminal records checks were observed to be complete. The director stated there have been no new hires since the previous visit. The consultant discussed with the director the proposed rule changes effective October 1, 2018:

- Local background checks (with purpose code "W") will no longer be accepted (no more 21-day provisional employment).
- Everyone must have at least a satisfactory fingerprint-based background check letter before they can be present at the center to care for children.
- The new definition of Provisional Employee includes those with only a satisfactory Fingerprint Records Check Determination. People with this type of clearance are allowed on site, but must be under the direct and continuous supervision of a Director or Employee with a satisfactory Comprehensive Records Check Determination.
- A new comprehensive background check must be run for anyone who has had a lapse of employment in the child care industry that lasts 6 months or longer. (Students-in-Training are considered "employed in the child care industry" if they've been enrolled in a child care related curriculum).
- Letters will only be accepted at a new facility if they are "ported" electronically.
