The following information is associated with a Complaint Investigation by Phone:

Children's Records

591-1-1-.08 Children's Records

Not Met

Finding

591-1-1-.08(2) requires Center Staff to maintain a file for each child that includes evidence of age-appropriate immunizations or a signed affidavit against such immunizations for each child enrolled in the center on a form approved by the Department, and to allow no child to continue enrollment in the Center for more than thirty (30) days without such evidence. It was determined by a review of records conducted by the health department that the center did not have 100 percent of health records current on December 12, 2017.

POI (Plan of Improvement)

Center staff will have and use a plan to track immunization forms for all enrolled children and to ensure the form or affidavit are obtained from the parent or guardian within 30 days of enrollment. Parents will be informed their child cannot remain enrolled in the center without this documentation. The Director is new to the center and the consultant advised her to contact the health department to ensure the corrections were made. The Director is unaware of this incident or the status of immunizations records at this time. She will follow up to ensure the center maintains 100 percent compliance.

Correction Deadline: 1/6/2018
