Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

591-1-1-.26(8) requires climbing and swinging equipment to have a resilient surface beneath the equipment and the fall zone from such equipment must be adequately maintained by the Center to assure continuing resiliency. It was determined based on observation that the middle climbing structure had one inch of surface present when six inches is required.

POI (Plan of Improvement)

The Center will add additional resilient surfacing to the fall zones where needed and check daily, adding resilient surfacing as needed to maintain adequate resiliency.

Finding

591-1-1-.36(3)(a-b) requires any Center that provides any type of transportation to obtain two (2) hours of state-approved or state-accepted transportation training, biannually, for the Director and for each person responsible for or who participates in the transportation of children. The training shall include, but is not limited to, a review of the transportation rules, a review of approved transportation forms and procedures, and instruction on the usage and completion of the forms and procedures. This training may be counted as part of the annual training requirements for Staff. It was determined based on review of files that two of the drivers did not have a current training completed.

POI (Plan of Improvement)

The Center will ensure that the Director, Center Staff, and any person responsible for the transportation of children has completed the required transportation training.

Fire extinguishers observed to be present on both vehicles.

Finding

591-1-1-.36(7)(c)2. requires that the driver or other designated person shall immediately document in writing, with a check or other mark/symbol to account for each child listed on the passenger transportation checklist each time a child enters and exits the vehicle. The driver or other designated staff person shall document in writing with a different mark/symbol to account for each child listed on the passenger transportation checklist who was not present on the vehicle for any reason. An explanation shall be documented in writing whenever a child is transported to a field trip site but is not present on the return trip to the Center. It was determined based on observation that the center staff did not immediately document the children on and off the vehicle. The consultant observed the checklist for both vehicles to not have marks to account for the PM school pick-up. The staff was observed to enter the building with the children and then complete the markings.

POI (Plan of Improvement)

The driver/other designated person will immediately document in writing with a check/mark/symbol each time a child gets on and off the vehicle.

Correction Deadline: 10/5/2017

Finding

591-1-1-.36(7)(c)3. requires that the driver or other designated person document in writing the time of arrival and departure each time the vehicle departs from the Center, is loaded or unloaded at each school and when the vehicle returns to the Center; each time the vehicle departs from the Center, arrives at the location where any child is picked up or dropped off and when the vehicle returns to the Center; each time the vehicle leaves the Center, arrives at a field trip destination, leaves a field trip destination, and returns to the Center. It was determined based on observation that the center staff did not document the arrival and departure times on the forms until they returned to the center for both vehicles for school transportation for October 4, 2017.

POI (Plan of Improvement)

The Center will ensure that each time of arrival and departure is documented by the driver or designated person with training, review and monitoring.

Staffing and Supervision**Finding**

591-1-1-.32(1) requires the Center to maintain the required Staff:child ratios as follows: under 1 year or under 18 months if not walking = 1:6; 1 year and walking = 1:8; 2 years = 1:10; 3 years = 1:15; 4 years = 1:18; 5 years = 1:20; and 6 years and older = 1:25. A Center must establish groupings of children for care with maximum group sizes as follows: under 1 year = 12; under 18 months/not walking = 12; 1 year and walking = 16; 2 years = 20; 3 years = 30; 4 years = 36; 5 years = 40; and 6 years and older = 50. It was determined based on observation that the one-year-old classroom had a ratio of 1:11 when it should have a ratio of 1:8.

POI (Plan of Improvement)

The Center will hire additional Staff or reschedule current Staff to meet required Staff:child ratios and will organize children into groups that meet requirements.
