Advisement of Potential for Repeated Rule Violations during Pending Investigations

This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Health and Hygiene

591-1-1-.07 Children's Health

Not Met

Finding Associated with Complaint

591-1-1-.07(3) requires Center Staff to follow the Department's current communicable disease chart of recommendations for exclusion of sick children from the Center and their readmission. Parents of all children enrolled shall be notified in writing of the occurrence of any of the illnesses on the communicable disease chart, as provided by the Department, within twenty-four (24) hours after the Center becomes aware of the illness or the next working day. It was determined based on an investigation that on an undetermined day in July, the center staff failed to notify the parents of all children enrolled about the occurrence of Hand, Foot and Mouth in the infant classroom within twenty-four (24) hours after the center became aware of the illness or the next working day.

POI (Plan of Improvement)

The Center director will ensure Center Staff are familiar with the communicable disease chart or have the chart available for reference and will train Staff to follow the recommendations on the chart. The Center will develop and/or review a plan for notifying parents, as required, and will train Staff and monitor to ensure compliance.
