Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.decal.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Finding

591-1-1-.30(4). requires that if cots and mats are stored in the children's activity room or area, they shall be stored to prevent children's access to them and to allow maximum use of play space. When storage is available and used for the storage of cots and mats that allows the cots, mats and any bedding to be stored without touching any other cots, mats or bedding, the bedding may be left on the cot or mat. When such storage is not available for the cots and mats, each child's bedding shall be kept separate from other children's bedding and stored in containers marked for individual use, such as, but not limited to, bins, cubbies, or bags. It was determined based on consultant's observation that the mats in classroom E were stored on top of each other, with the sheets touching.

POI (Plan of Improvement)

The Center will store cots and mats so children do not have access to them and they don't take up play space and will store them so each child's bedding is separate from the others.
