Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Staffing and Supervision

591-1-1-.32 Supervision(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on investigative findings that on December 12, 2022, staff members failed to provide watchful oversight when a three-year-old child sustained scratches on the neck and a bruise on the nose. Investigative findings and review of the incident report dated for December 12, 2022, revealed that the child sustained a scratch to the face due to being hit on the head by another child. While staff statements and interviews revealed how the incident occurred, staff statements and interviews were conflicting regarding what injuries were sustained at the time of the incident and how the remaining injuries were sustained. No medical attention was received for the scratches and/or bruise.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times. Upon completing an internal investigation of the December 12, 2022 incident, the center management team took immediate action and created an action plan for staff members A, B, and C that required each staff member to be retrained on communication, exit reports, and supervision. Furthermore, staff members A, B, and C were required to review the center classroom supervision policy with the center management team.
