Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

The following information is associated with a Complaint Investigation by Phone:

**Health and Hygiene**

**591-1-1-.07 Children's Health**

**Not Met**

#### **Finding**

591-1-1-.07(2) requires Center Staff to immediately notify Parents and obtain specific instructions until the child can be picked up or returned to the group when professional medical attention is required, or when the child experiences symptoms of moderate discomfort such as elevated temperature, vomiting or diarrhea and to notify Parents by the end of the day when professional medical attention is not required, when the child experiences symptoms of less than moderate discomfort or when the child experiences an adverse reaction to prescribed medication which does not constitute moderate discomfort. It was determined based on an investigation, that on June 17, 2021, center staff failed to notify the parent of an incident and injury, by the end of the day, as required. The parent was notified by their child at pick up after they left the center.

#### **POI (Plan of Improvement)**

The Center will provide notification and obtain instructions as required and will train Staff to familiarize them with the notification requirements and the Center's procedures for following them.

**Correction Deadline: 6/25/2021**

**Staffing and Supervision**

**Finding**

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on an investigation, that there was not adequate supervision on June 17, 2021, when a six-year-old child was bitten on their arm and the children were wrestling where a child's hair was pulled, during the summer program. Staff was also observed to be utilizing their personal cell phone, while supervising the children, during the summer program..

**POI (Plan of Improvement)**

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.

**Correction Deadline: 6/25/2021**
