- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance

If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Policies and Procedures

591-1-1-.29 Required Reporting**Not Met****Finding**

591-1-1-.29(2) requires the Director or designated person-in-charge to report or cause to be reported any cases or suspected cases of notifiable communicable diseases (COVID-19, Tuberculosis, Measles, etc.) or any viruses or illnesses identified during a public health emergency, immediately to the Department and to the local County Health Department as required by the rules of the Georgia Department of Public Health, Rule 511-2-1, Notification of Disease. It was determined based on investigative findings that on August 22, 2021 a staff member tested positive for COVID-19. The Department of Health and the parents were notified on this date, however a required report to notify the department was not submitted until August 27, 2021. The Director statement indicated they were unaware that there was a reporting requirement to the Department of Early Care and Learning.

POI (Plan of Improvement)

The Center will develop a procedure so everyone knows how and when to report cases of suspected notifiable communicable diseases to the County Health Department and will follow-up to make sure they are reported as required.

Correction Deadline: 8/26/2021
