Program was found operating according to approved guidelines. Updated new email address remove old email Arthur.jackson10@yahoo.com. Discussed with Mr. Jackson as of October 1, 2018, anyone that provides direct care for or may have unsupervised access to children of the license-exempt program that participates in CAPS must have a validated current satisfactory records check determination letter issued by DECAL. None of the staff have received a validated current satisfactory records check determination letter issued by DECAL. Regarding the Health and Safety Orientation standards, Mr. Jackson is in the process of ensuring staff take the training. His two staff members have been employed for approximately 3 weeks. TA provided to ensure a list of participants is created to check the attendance of children as they enter and exit the Vans. Also advised the importance of ensuring emergency medical information is on the vehicle for each child. TA was also provided to include the following to their written policy: • The exclusion of children with contagious illness • The notification of all parents of enrolled children when a reportable contagious illness is present in the facility. • The handling and appropriate disposal of bodily fluids and storage of hazardous materials (soiled clothing and bedding). Copies of the CAPS Monitoring Visit, and the Notice of Failure to Comply with Comprehensive Background Check Requirement letter was sent via email during the visit to Mr. Jackson.
