Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

290-2-3-.19(2) requires that a Family Child Care Learning Home shall provide a safe sleep environment in accordance with American Academy of Pediatrics (AAP), Consumer Product Safety Commission (CPSC) and American Society for Testing and Materials (ASTM) recommendations as listed in these rules for all infants and one-year-old children when placed for sleep in a safety approved crib or in any other type of equipment approved for infant sleep. Staff shall place an infant to sleep on the infant's back unless the Parent has provided a physician's written statement authorizing another sleep position for that particular infant that includes how the infant shall be placed to sleep and a time frame that the instructions are to be followed. When an infant can easily turn over from back to front and back again, Staff shall continue to put the infant to sleep initially on the infant's back, but allow the infant to roll over into his or her preferred positions and not re-position the infant. Sleepers, sleep sacks and wearable blankets that fit according to the commercial manufacturer's guidelines and will not slide up around the infant's face may be used when necessary for the comfort of the sleeping infant, however swaddling shall not be used unless the Home has been provided a physician's written statement authorizing its use for a particular infant that includes instructions and a time frame for swaddling the infant. Staff shall not place objects or allow objects to be placed in or on the crib with an infant such as but not limited to toys, pillows, quilts, comforters, bumper pads, sheepskins, stuffed toys, or other soft items and shall not attach objects or allow objects to be attached to a crib with a sleeping infant such as but not limited to crib gyms, toys, mirrors and mobiles. It was determined based on an observation that one infant was observed to be sleeping in a crib with a bib attached to their neck, and one infant was observed to be sleeping in a crib with a blanket on this date.

POI (Plan of Improvement)
