<u>Compliance Zone Designation</u>		
11/17/2022	Monitoring Visit	Good Standing
05/04/2022	Licensing Study	Good Standing
12/07/2021	Monitoring Visit	Good Standing

Compliance Zone Designation - A summary measure of a program's 12 month monitoring history, as it pertains to child care health and safety rules. The three compliance zones are good standing, support, and deficient.

Good Standing - Program is demonstrating an acceptable level of performance in meeting the rules.

Support - Program performance is demonstrating a need for improvement in meeting rules.

Deficient - Program is not demonstrating an acceptable level of performance in meeting the rules.

Plan of Improvement: Developed This Date 11/17/2022

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx> , for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Refutation Process:

You have the right to refute any of the citations noted in this report with which you disagree. To refute a citation(s), do the following:

- 1) Log into DECAL KOALA www.decalkoala.com with the userid for your program
- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute
- 3) Select the specific rule number(s) that you are refuting, add the reason for disagreement regarding the rule citation, and upload supporting documentation
- 4) Submit the refutation in DECAL KOALA to Child Care Services (CCS) within 10 business days of the completion date.

Your refutation will be forwarded to the appropriate CCS manager, who will follow up with you about your concerns. If you have any questions about this process, contact our office at 404-657-5562.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Contact the Quality Rated help desk at 1 855-800-7747 or qualityrated@dec.state.ga.us for more information. Free technical assistance is available!

290-2-3-.13(1)(e) - Please ensure outlets in use are inaccessible to children.

Correction Deadline: 11/17/2022

Finding

290-2-3-.13(2)(a) requires that outdoor play areas be kept clean and free of hazards such as exposed sharp corners of concrete or equipment, rust and splinters on equipment, broken glass, open drainage ditches, holes and stagnant water. It was determined based on observation that the following hazards were present: The black temporary fencing on the right side was torn allowing children to get in between it and the metal fencing..

There were exposed tree roots throughout the yard posing a tripping hazard.

There was a red metal piece of molding in front of the tan and brown storage shed with sharp edges.

There were 3 pieces of metal siding on the front right side of the tan and brown metal storage shed that were not completely attached to the building with exposed sharp edges

There was a black shade leaning against the tan and brown storage shed that was torn.

POI (Plan of Improvement)

The Home will repair any and all identified outdoor hazards and will monitor playground daily or more often as needed to ensure that the Home's outdoor play area is kept clean and free of hazards. Removed broken items. Nail down the metal siding on the building. Spray the exposed tree roots. Replace or remove.the black temporary fencing.

Correction Deadline: 12/1/2022

Finding

290-2-3-.13(2)(c) requires that climbing and swinging equipment that are not portable have a resilient surface beneath the equipment and the fall zone from such equipment, which is adequately maintained by the Home to assure continuing resiliency. It was determined based on observation and measurement that the wooden play structure and the plastic brown play structure with slides had 1/2" resilient surfacing when 3" was needed.

POI (Plan of Improvement)

The Home will ensure that there is an adequate resilient surface under and in the fall zone of climbing and swinging equipment. The Home will inspect equipment and resilient surfacing material regularly and repair or replenish as needed. The provider had the resilient surfacing present at the center but had not put it out. The provider will place the resilient surfacing under the fall zones.

Correction Deadline: 12/1/2022

Recited on 11/17/2022

Finding

290-2-3-.13(2)(d) requires that outside play areas be protected from traffic or other hazards by fencing or other barriers at least four feet in height and approved by the Department. Fencing material shall not present a hazard to children. A fence shall be provided around swimming pools to make them inaccessible when not in use. It was determined based on observation that the following hazards were present:

The back left corner of fencing had a wooden stake with sharp edges that was not attached to the fencing.

The left side middle metal fencing was bent along the top and leaning toward the play area not straight.

The back middle metal fencing was not attached to the pole causing it to sag.

POI (Plan of Improvement)

The Home will enclose the outside play area(s) with a four-foot high fence or other Department-approved barrier and inspect regularly to ensure fencing material is safe and any hazards identified are repaired or replaced. The Home will install or repair a fence around swimming pools that makes them inaccessible to children.

Correction Deadline: 12/1/2022

Recited on 11/17/2022
