Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. 290-2-3-.21(1)(b) requires every Provider to have a current and valid satisfactory Comprehensive Records Check Determination on file prior to being present at the Home while any child is present for care or before residing in the Home. The Comprehensive Records Check Determination must have a Records Check Clearance Date that is no older than the preceding 12 months of the license date; provided, however, if the Provider has had a lapse of employment from the child care industry that lasted for 180 days (6 months) or longer, a new satisfactory Comprehensive Records Check Determination is required. It was determined based on a review of records that on October 1, 2018 the provider's national background check expired. The provider was fingerprinted on March 11, 2019 for a comprehensive background check. From October 1, 2018 until March 26, 2019 the provider did not have a comprehensive background check as required.

**POI (Plan of Improvement)**

IMMEDIATE CORRECTION - The Comprehensive Records Check Determination must have a Records Check Clearance Date that is no older than the preceding 12 months of the hire date; provided, however, if the Director has had a lapse of employment from the child care industry that lasted for 180 days (6 months) or longer, a new satisfactory Comprehensive Records Check Determination is required. The provider had contacted the Criminal Record Unit and was assisted in filing out the Gemalto application. The provider then went to be fingerprinted and received a TCP number. The provider did not complete a DECAL Koala application at the time of fingerprinting. During the licensing visit on March 26, 2019 the consultant assisted the provider in completing the DECAL Koala application. The consultant contacted the CRC Unit and requested their assistance in expediting the provider's application. The consultant received the provider's new comprehensive background check letter during the visit. The consultant left a one day letter with the provider and discussed the comprehensive background check rules with the provider.
