Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Not Met

Finding

290-2-3-.19(1)(a)3 requires that each crib and other equipment approved for infant sleep shall have only an individual, tight-fitting sheet which is changed daily or more often as needed and prior to a change of occupant. It was determined based on observation that one pack-and-play in use by a seven-month old infant had a sheet that was not tight fitting as required.

POI (Plan of Improvement)

The Home Provider will ensure that each crib or other equipment approved for infant sleep has a tight-fitting sheet that is changed daily or more often as needed and prior to a change of occupant. Technical Assistance

290-2-3-.08(1) requires the Home to have a current and updated record for each Child in care and for a period of one (1) year after each Child leaves. Such records shall include: identifying information (Child's name, birth date, Parent's name, home and business addresses, telephone numbers); name, address and telephone number of persons, including Child's physician, to contact in emergencies; and name, address, telephone numbers, relationship to Child and to Parent(s) and other identifying information of person(s) to whom the Child may be released.

The consultant went through each children's record and discussed with the provider the need for complete documentation on each record. The provider stated that they would update the children's records as the children were being picked up today.

Correction Deadline: 4/29/2019

Finding

290-2-3-.08(2) requires the Home to maintain a file for each Child that includes evidence of age-appropriate immunizations or a signed affidavit against such immunizations; enrollment in the Home may not continue for more than 30 days without such evidence. It was determined based on a review of records that four of six children present did not have proof of current immunizations as required.
