If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

290-2-3-.11(2)(f) requires that poisons, medicines, cleaning agents and other hazardous materials be in locked areas or inaccessible to children. It was determined based on consultant's observation that hazards existed in that there were several exposed light bulbs over the hand washing sink in the bathroom, the closet housing the hot water heater lacked a lock and the black refrigerator on the main level lacked a safety strap to prevent the children from having access. Consultant also observed a staple gun, staples and a hole puncher accessible in the area that will be serving the children. The items were removed during the visit.
