Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

**Food Service**

**591-1-1-.15 Food Service & Nutrition**

**Not Met**

**Finding Associated with Complaint**

591-1-1-.15(2)(a) requires Center Personnel to hold and feed infants less than six months of age and older children who cannot hold their own bottles or sit alone. Baby bottles shall never be propped; the infant's head shall be elevated while feeding. It was determined based on an investigation conducted on June 6, 2023, infants who could not feed themselves independently, had bottles propped up during feeding times.

**POI (Plan of Improvement)**

The Center will train Staff to hold infants less than six months old or who can not hold their own bottle, to never prop bottles and to elevate infant's heads during feeding. The director will monitor Staff to ensure appropriate feeding procedures are followed.

**Correction Deadline: 7/14/2023**

**Sleeping & Resting Equipment**

**Finding Associated with Complaint**

591-1-1-.30(2) requires the Center to provide a safe sleep environment in accordance with American Academy of Pediatrics (AAP), Consumer Product Safety Commission (CPSC) and American Society for Testing and Materials (ASTM) recommendations as listed in these rules for all infants. Center Staff shall place an infant to sleep on the infant's back in a crib unless the Center has been provided a physician's written statement authorizing another sleep position for that particular infant that includes how the infant shall be placed to sleep and a time frame that the instructions are to be followed. When an infant can easily turn over from back to front and back again, Staff shall continue to put the infant to sleep initially on the infant's back but allow the infant to roll over into his or her preferred position and not re-position the infant. Sleepers, sleep sacks and wearable blankets that fit according to the commercial manufacturer's guidelines and will not slide up around the infant's face may be used when necessary for the comfort of the sleeping infant. Swaddling shall not be used unless the Center has been provided a physician's written statement authorizing its use for a particular infant that includes instructions and a time frame for swaddling the infant. Center Staff shall not place objects or allow objects to be placed in or on the crib with an infant such as but not limited to toys, pillows, quilts, comforters, bumper pads, sheepskins, stuffed toys, or other soft items and shall not attach objects or allow objects to be attached to a crib with a sleeping infant, such as, but not limited to, crib gyms, toys, mirrors and mobiles. It was determined based on an investigation conducted on June 6, 2023, staff allowed infants to sleep with blankets in their cribs and allowed them to sleep in bouncy seats on May 26, 2023. The department's rules state that both practices go against the safe sleep guidelines and should not be used.

**POI (Plan of Improvement)**

The Center will take all steps necessary to provide a safe sleep environment for infants as listed in these rules; will train all Staff that work in the infant classroom to follow these rules; and will monitor for compliance.
