- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. The following information is associated with a Incident Investigation by Phone:

**Policies and Procedures**

**591-1-1-.29 Required Reporting**

**Not Met**

**Finding**

591-1-1-.29(2) requires the Director or designated person-in-charge to report or cause to be reported any cases or suspected cases of notifiable communicable diseases (COVID-19, Tuberculosis, Measles, etc.) or any viruses or illnesses identified during a public health emergency, immediately to the Department and to the local County Health Department as required by the rules of the Georgia Department of Public Health, Rule 511-2-1, Notification of Disease. It was determined based on investigation that center staff failed to report a confirmed case of Salmonella to the Department within 24 hours, as required.

**POI (Plan of Improvement)**

The Center will develop a procedure so everyone knows how and when to report cases of suspected notifiable communicable diseases to the County Health Department and will follow-up to make sure they are reported as required.
