Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Finding

290-2-3-.13(2)(a) requires that outdoor play areas be kept clean and free of hazards such as exposed sharp corners of concrete or equipment, rust and splinters on equipment, broken glass, open drainage ditches, holes and stagnant water. It was determined based on observation that the following hazards were present on the playground:

- Two 5 inch and one inch crack was present on the brown playform of the brown, red and green gym set.
- The yellow, blue, green Little Tykes small climber was observed to have a crack across the top of the red slide. The crack had been taped and the tape was observed to be coming off, leaving the crack as a potential cutting hazard and the top part of the slide to cave in.
- One pink and yellow tricycle had tassels on the handlebars which pose as a choking hazard.
- One of five Little Tikes Coupe cars had a gas cap missing which had been taped. However, the tape was half removed leaving a gap for a child to stick their finger posing as a potential entrapment and cutting hazard.

POI (Plan of Improvement)

The Home will repair any and all identified outdoor hazards and will monitor playground daily or more often as needed to ensure that the Home's outdoor play area is kept clean and free of hazards.
