Discussed new revision to restricted food rule which states: Foods that are associated with young children's choking incidents, such as, but not limited to, peanuts, hot dogs, raw carrots, popcorn, fish with bones, cheese cubes, grapes and any other food that is of similar shape and size of the trachea/windpipe shall not be served to the children less than four (4) years of age. Children older than four (4) years of age may be served these foods provided that the foods are cut in such a way as to minimize choking.

Please ensure the new updated infant feeding form is used. Discussed revision to the written feeding plans for children under the age of 1 years old. Age-appropriate solid foods (including cereal) shall not be given to infants or children less than one (1) year of age until recommended as developmentally appropriate by the child's primary care physician and indicated in writing by the Parent(s). As soon as the feeding plan indicates that a child is ready for solid foods, the child shall be fed from individual spoons and individual containers or dishes. A child shall not be fed directly from the original baby food container if the contents are to be fed to the child at more than one (1) meal or to more than one (1) child.

**Finding**

591-1-1-.15(3) requires baby bottles and formula to be labeled with the individual child's name; supplied by the Parent daily in bottles; and refrigerated at a temperature of forty (40) degrees Fahrenheit or less. Only the current day's formula or breast milk shall be served. If formula must be provided by the Center, only commercially prepared, ready-to-feed formula shall be used. Refrigerated or frozen breast milk shall only be heated or thawed under warm running water or in a container of warm water. It was determined based on observation in the infant classroom bottles were being prepared by the center using powdered formula and no bottles were labeled.

**POI (Plan of Improvement)**

The Center will train Staff to follow the required procedures, ensure that parents are fully informed, and will review and monitor regularly. Consultant also recommended a bottle warmer/small crock pot to warm bottles.

**Correction Deadline: 3/31/2022**

**Finding**

591-1-1-.15(5) requires that the Center provide a menu listing all meals and snacks to be served during the current week except for School-age Centers where the food may be provided by the Parent(s) by agreement between the School-age Center and the Parent(s). Substitutions shall be recorded on the posted menu and menus shall be retained at the Center for six (6) months. It was determined based on observation children under four years old were eating hot dogs cut into small pieces throughout the center.

**POI (Plan of Improvement)**

The Center will list all of the current week's meals and snacks and all substitutions on the menu and keep past menus on file for six months and will implement a system to monitor this.

**Correction Deadline: 3/31/2022**
