Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Staffing and Supervision

591-1-1-.32 Supervision(CR)

Not Met

Finding

591-1-1-.32(7) requires that children be supervised at all times and that the persons supervising in the child care area be alert, able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the chaperones and Students-in-Training, and provide timely attention to the children's actions and needs. It was determined based on investigative findings that center staff failed to provide watchful oversight when a two-year-old child sustained a large mark to the upper left leg without knowledge of how the injury occurred on March 12, 2020. Staff statements and interviews indicated that they were unaware of how the child received the injury until after video footage was reviewed. Video footage showed the child and a classmate in a physical altercation for approximately one minute and twenty seconds without any staff members intervening. The video footage showed the children kicking, hitting, pulling, and rolling on each other.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.
