Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Children's Records

591-1-1-.08 Children's Records

Not Met

Finding Associated with Complaint

591-1-1-.08(6) requires the Center to maintain records of a child's daily arrival and departure for the twelve (12) preceding months that the Parent or person(s) authorized by the Parent documents, in written or electronic format, each time the Parent or authorized person drops off and picks up the child. The documentation shall include at least the date, the child's name, the arrival and departure times, and the signature or initials of the Parent or authorized person at the time of arrival and departure. These records shall be made available to the Department in printed or written form upon request. It was determined based on an investigation that the attendance records for 18 children on March 13, 2026 were missing the departure times and signatures.

Correction Deadline: 4/21/2026

Staffing and Supervision

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on an investigation that on March 13, 2026, a 4-year-old child sustained an injury on the playground when a blue metal equipment cart struck their head. A staff member heard the child cry out and noticed that the child was injured. Professional medical attention was obtained, and the child was diagnosed with a scalp laceration. None of the staff were positioned to see all children as required.
