This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Self-Reported Investigation:

Organization

591-1-1-.37 Inspections & Investigations **Not Met**

Finding Associated with Complaint
591-1-1-.37(e) requires the Center shall not make or condone any Staff to make a false or misleading statement to the Department in connection with any authorized investigation or inspection being conducted by the Department. It was determined that based on an investigation that center staff submitted false and misleading written statements to the Department. The statements indicated that on July 7, 2026, an 8-year-old child ran out of a classroom and exited the center building on only one occasion before being retrieved by staff. However, it was later determined that a second incident had occurred on July 7, 2026, during which the 8-year-old child again ran out of the classroom, exited the center building, and left the center premises before being returned to the center by staff.

Correction Deadline: 9/10/2026

Staffing and Supervision

591-1-1-.32 Supervision(CR) **Not Met**

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm’s length away from children thirty-six (36) months of age and younger. It was determined based on an investigation that on July 7, 2026, at unspecified times between 11:15 a.m. and 11:35 a.m. and again at approximately 11:58 a.m., center staff failed to adequately supervise an 8-year-old child. Staff members were not appropriately positioned to anticipate and respond to the child's actions when the child exited the classroom and left the center premises on two separate occasions before being retrieved and returned to the center by staff.
